

# BAUER-GROUP ACADEMY SPRING 2020

## Competence at its best Training dates

Dear business partner!

The BAUER Group Academy offers a varied programme of technical trainings with practical orientation. These trainings provide the technicians and service employees with the necessary knowledge for their daily practice.

High technical competence is the basis for your and our success!

Each course is designed as an intensive training with focus on start-up, service and maintenance work.

The trainings are suitable for employees of all levels.

Please note, that the number of participants is limited.

Only this way we can guarantee the high quality of our trainings!

Please send your registration by e-mail the latest one month before the start of the training to Ms. Marlene Rieber ([m.rieber@bauer-at.com](mailto:m.rieber@bauer-at.com))

Secure your advantage in information and competence. We are looking forward to your participation!

Best regards,

FAN Separator GmbH.
